About Warehouse

DISCOVER A NEW COLLECTION OF SOUNDS

By using samples that are provided with Padshop 2, Warehouse by Online Music Foundry expands production possibilities with a new collection of sounds. With 110 presets created by Online Music Foundry's Gary Gibbons, you can create music for EDM, synthwave, ethnic world music, trailer music productions, and cinematic scores for drama, mystery and horror.

Features

- 110 presets
- Samples from Padshop Pro and Padshop 2 sample folders
- All presets designed by Gary Gibbons from Online Music Foundry
- Exclusive expansion for Padshop 2

Compatibility

Warehouse VST Sound Instrument Set is an expansion pack for Steinberg's Padshop 2, a Granular and Spectral Synthesizer.

* For Non-Padshop 2 users – This product is not compatible with Padshop or Padshop Pro.

Contents included
